RARE BIRD OBSERVED IN BETHEL

Ornithologists will be interested to know that a bird, named in the "World of Birds" book, by James Fisher and Roger Tory Peterson, as a Blossom Headed Parakeet, has been seen in Bethel. According to the information in the book, this bird originates in Southern Asia. The bird appeared at the feeder of Mrs. Celia Gorman in Bethel, last Sunday afternoon, April 21. It appeared at 6:30 a. m. Monday to dine on sunflower seeds and apples. It is described as about a foot long, body a little larger than a blue jay and two shades of green. The tail is about eight inches and blue with white tip. He has a parrot-shaped bill, round shaped head, shade of pink. The bill is yellow in color. He is black under his chin and a black thread-like line around his neck like a collar. A small red patch on each wing.

SPRING CLEANING?

Don't throw out old photographs, newspapers, scrapbooks, letters, diaries, or documents! The Bethel Historical Society is establishing a local archives at the Moses Mason House and many seemingly insignificant items are really vital historical records. Phone Mrs. Clare Smith, 824-2936, to arrange for a Society member to help you sort such materials. The Society is interested in Xeroxing items which might be available on a loan basis.

MISS SAURET IN TOP TEN AT PORTLAND PAGEANT

Karen Sauret, daughter of Mr. and Mrs. Herman Sauret of Andover was one of the top ten winners in the International Pageant held at the Sheraton Eastland Hotel in Portland last week.

Karen is a student of Susan Farrar's Children's Dance Theatre. Her talent was a toe dance representing Dorothy in the Wizard of Oz. She was required to model party and sportswear as well as being judged in personal interviews.

Forty one states and Canada were represented with extremely fine talent.

Sponsors were Andover Wood Products and Hanover Dowel Company.

She was accompanied by her mother, Mrs. Herman Sauret and Susan Farrar.

NOTICE

Due primarily to an unexpected volume of advertising, much material submitted for publication this week had to be omitted.

Also, inadvertently, on page 2 the West Greenwood items were placed under a "Greenwood City" head.

It will run for four weeks, two hours a night, one night a week. If anyone is interested they could contact the town office and if enough show interest they will be notified.

The town office will be closed next Thursday afternoon. The office staff will be attending a workshop on the distribution of Food Stamps. This program is expected to commence by July. The town office will be the distribution center for the stamps but will not be responsible for certification of recipients. The Dept. of Health and Welfare will make that determination. —Elwyn Dickey

HEALTH SCREENING CLINICS ANNOUNCED FOR COUNTY

Project Independence Coordinator, Harold Collins, has announced the schedule for this year's senior citizen health screening clinics. "The purpose of these clinics," said Mr. Collins, "is to offer some basic health tests to people who, for one reason or another, have not had a physical check-up by a physician in some time. People have discovered over the last two years that the screenings are very easy to participate in and many health problems have been detected early when treatment is most effective."

Again this year, the screening program is being administered by Androscoggin Home Health Services and are available to senior citizens of Androscoggin, Oxford and Franklin Counties. AHHS Director, Richard Hooper, stated that "although the clinics in no way constitute a physical examination, some 200 people in the past have been alerted to the need for consulting with a physician."

No advance registration is required to attend and no fee will be charged. Those wishing to make any donation for the service, however, may do so. Instructions for participating may be obtained by contacting any of the Project Independence offices in Auburn, Wilton, Norway and Rumford or by contacting Androscoggin Home Health Services at 784-9304 or toll free 1-800-482-7412.

The schedule for Oxford County is: April 30, 10 Noon, Canton, Municipal Building; April 30, 2-4 p. m., Peru, Legion Hall; May 6, 9-11 a. m., Buckfield, Community Church; May 7, 10 a. m.-2 p. m., Rumford, Community Center; May 9, 10 Noon, West Paris, Maine National Bank; May 14, 9:30 Noon, Andover, Christian Education Building; May 23, 10 a. m.-1 p. m., Waterford, Grange Hall; May 28, 10 Noon, Bryant Pond, Town Hall; May 28, 2-4 p. m. Bethel, Methodist Church; June 4, 9 Noon, South Paris, Fireman's Hall; June 13, 10 Noon, Fryeburg, Legion Hall; June 20, 10 Noon, East Hiram, VFW Hall; June 20, 2-4 p. m., South Hiram, Fire Barn.

ALBERT BROWN TO BE SPEAKER AT HISTORICAL SOCIETY ON THURSDAY, MAY 2

On Thursday, May 2, the speaker at the Bethel Historical Society meeting will be Albert Brown, Rumford Center, a member of the Society, who will give a talk on antiques, old tools, etc. Mr. Brown is a native of Bethel and has many tales to tell.

Mrs. Cecil Conrad has offered for the Moses Mason House, in memory of Mr. and Mrs. Fred Edwards, a Hitchcock chair which had been in the Major Hastings home. It is one of a pair and Mrs. Conrad hopes to acquire the second one for a future donation. Mrs. Richard Harding has donated a candlewick coverlet dated 1819, which was made for her great- great grandmother's hope chest, and John Mills of Locke Mills has donated a pair of pre-Civil War andirons with hand-forged bases and brass knobs.

The dedication of the Moses Mason House will take place in early summer. Although your donation will be welcome at any time, the Society hopes to have a respectable showing of Bethel antiques and memorabilia in place before the dedication ceremonies. Have you anything to offer?

SOUTH WOODSTOCK

— Mrs. Olive Davis, Corres. —

Judy Campbell visited in New Hampshire three days this week with the Scott friends.

Mr. and Mrs. Ellis Davis went with Mr. and Mrs. Leslie Bryant to Berlin Wednesday.

I believe I must put in again the menu for 5 point meeting. I believe it would be misconstrued if I don't explain better. Supper put on by Franklin Grange at Bryant Pond. Salads brought by Bear River and Rumford. Desserts by Pleasant Valley and Alder River. See you the sixth of May.

We appreciate the lovely weather that has been bestowed upon us this week. It's nice to be able to be out doors again on dry land.

Charlotte Cole and Stephen Seames called on Mr. and Mrs. Ellis Davis Sunday afternoon.

Esther Davis called on us Tuesday afternoon. It was good to see her again since she has spent the winter in Florida, and has been away nearly six months.

Mr. and Mrs. Guyson Davis were in Lewiston on business Thursday. They went to Freeport to call on Mr. and Mrs. Gerald Davis before coming home.

Callers on the Ellis Davis family Friday were J. Everett Howe. Ellis went to Norway with him while they visited. Frank Waterhouse called in the afternoon and chatted with him also. Ernest Harmon of Sebec called on Mr. and Mrs. Ellis Davis and took dinner with them. We were so glad to have him come. Ernest had an accident while working in the woods, cutting his leg badly with a power saw so he has been laid up since Feb. 13. Ernest spent many vacations with his aunt, Olive, when he was growing up. He trimmed the maple tree, which was brushing the electric line, while here. This seemed to be bothering our radio reception. We hope this will improve it now. Mr. Harmon left for home about three.

Winfield Buck and three buddies from New Jersey spent the last week holidays with his grandparents, Mr. and Mrs. Winfield Buck and Dale Buck, Winfield's brother.

Mr. and Mrs. Matthew Magliocca and boys were at their home over the Easter vacation. They are from Newton, Mass.

The Willing Workers met with Mrs. Hazel Andrews Thursday. Discussion of rummage sale, which is coming up June 1 and 2 was had. They are awaiting calls for them to pick up materials from you folks out there who would like to get rid of things at clean up time this spring. Taisto and Eleanor Koskela showed six reels of their slides on Finland and Lapland which were exceedingly interesting. There were 12 there to enjoy this travel-log to the Scandinavian area in Europe. The next meeting will be at the church May 30.

NOTICE OF RECEIPT OF LOCATION AND DESIGN APPROVAL
U. S. ROUTE 2
IN THE TOWN OF
GILEAD OXFORD COUNTY
FEDERAL AID PROJECT EHS FHL 3 1(1)

The Commissioner of the Maine Department of Transportation hereby gives notice of receipt of route location and highway design approval for a proposed U. S. Route 2 in the town of Gilead as described below from Robert H. Hayes, Division Engineer, Federal Highway Administration, Room 614, Federal Building, Augusta, Maine 04330

Location: Beginning on U. S. Route 2 in Gilead at the Maine New Hampshire State Line at Survey Station 11+50 and extending easterly generally within the existing highway about 450 feet to Survey Station 14+00 thence about 0.27 mile on new location which is northerly of the existing highway and a minimum offset distance of about 200 feet from the existing highway and re-entering the existing highway at Survey Station 29+00, thence generally along the existing highway to Survey Station 41+0, the end of the proposed project. The total length of the proposed project is about 0.42 mile

Design: The roadway will be designed 44 feet in width, made up of two twelve foot wide bituminous travel lanes with a ten foot wide paved shoulder on each side, all to be constructed on a variable depth aggregate base and subbase. Surface drainage generally will be accommodated by means of roadside ditches and open ended driveway and roadway pipe culverts leading to suitable outlet ditches or natural waterways. Total width of right of way required for the project will be 120 feet or 60 feet on each side of the new centerline

The proposed location and design is generally in accordance with the preliminary plans for the project as described at an informal meeting held at the Gilead Town Office on October 30, 1973

Maps, drawings, the Negative Statement on environment and other pertinent information developed by the Bureau of Highways and written views which have been received by the Bureau from interested individuals, groups and agencies are available for public inspection and copying at Carver's Exxon, Gilead Village between the hours of 8:00 A. LETTER TO THE EDITOR

Bethel, Maine
April 23, 1974

To the Editor:

With your cooperation I would like to take this avenue of communication to convey some of the facts about our own Chapter of Dollars for Scholars, the methods we have used to earn money, and the results, to date, of our work.

Our Chapter was formed in the spring of 1968 and in less than three months six awards of $150 each were awarded at that graduation. This is how we proceeded from then until now.

1968	6 awards of $150 each	$ 900
1969	11 awards of $255 each	2,475
1970	6 awards of $225 each	1,350
1971	17 awards of $210 each	3,570
1972	19 awards of $185 each	3,515
1973	15 awards of $200 each	3,000
	2 awards of $300 each	600
		$15,410

The number of students planning to go on to school this year is 34.

Of course a lot of the credit goes to you, the people who gave money for memberships in Dollars for Scholars. This is what you do when you donate to the students who come to your door. You become voting members in our Chapter of Dollars for Scholars; this means you are eligible to vote for officers and directors, and you add money to our treasury for awards. All of the money we earn or collect from you goes to our S. A. D. 44 students in awards except $50 that goes to our National Headquarters in Boston.

As of now we are able to award scholarships only to seniors who have already been accepted in either college or vocational or technical schools. In the foreseeable future when some of the students we have helped in the past are able to repay their awards in full or in part, we hope to use that money to start a fund for those students already in college who run into financial trouble.

Our methods of earning money have been to put on Minstrel or Variety Shows, run raffles, the food booth at Mollyockett Day plus our annual membership drive. We have had money given us in memory of departed loved ones. There is a Mothers Club in Newry that puts on suppers each year and donates the proceeds to us. Most of the businesses and organizations in S. A. D. 44 have given generously during our membership drives. Last year we received a $300 Dewitt Wallace Readers Digest Award to pass on to a qualifying student.

Right now we are in the process of running a raffle; we have a Maine Grass Show with Jimmy Cox this coming Saturday, and our membership drive is in the near future plus a few other projects we are working on. As you can see we are a busy organization but one in need of new directors and officers for the coming year with new ideas to keep this club busy and thriving. It is a worthy cause so please won't you help us help some of those thirty - four students who plan to go to school next year and donate your services as a working member of Dollars for Scholars for students of future years. I'm sure they will thank you as I do.

Sincerely,
Jane B. Young.

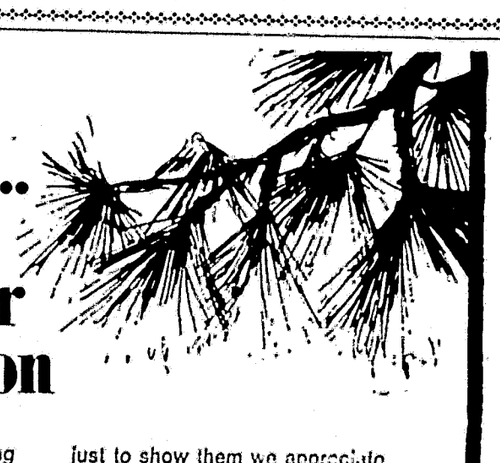
For our customers... A lasting token of our appreciation



Casco Bank is co-operating with the Maine Department of Conservation by providing funds for the distribution of "Birth of a tree" kits to every fifth grade classroom in the state. Each of these kits contains pine tree seeds which the children can plant and watch grow from seed to sprout to maturity.

While working on this program, one of our employees had an excellent idea. He said, "Why not give one of these kits to every Casco customer who wants one, just to show them we appreciate their being our customers?"

So that's exactly what we're doing. Supplies are limited but on a one-to-a-customer basis, we should have enough kits for every customer who wants one. It's our way of saying "thank you" in a way we feel will endure. Because every time you see your tree, it will remind you that you're appreciated at Casco.

Come into a Casco Branch soon and pick up your "thank you" from us.

UPTON

— Mrs. Arline Bernier, Corres. —

The Planning Broad met Saturday evening at the home of Chairwoman Virginia Williamson. Officers elected were Chairwoman, Virginia Williamson and Secretary, James George, Jr. Mrs. Williamson brought up the fact that Tyler Cove area was color coded differently from most of the lake. Alden Murphy and Jim George, who had drawn up the maps, color coded them and preceded them at a public hearing and later at a special Town meeting where they were accepted, explained that this area was in General development classification because of interest in having it a public beach. The Brown Company is planning to develop roads in the area and there is much interest in having the beach available by land vehicles. Mrs. Williamson expressed strong dufavor at the idea as the increased traffic over the old Magalloway road which runs from Mill Road through the Rapid River area and thence to Magalloway would be close to her house and near her property which is on both sides of the road.

Mary LeConte was given voting privilege in the absence of regular member, Jay Willard. A vote was called for whether or not to recommend change of classification and when Mr. George cast his vote, he was informed that he had been chosen as an alternate member only. At this point, he stated that he would resign as he had done much work for the board and had made trips from his home in Natick, Mass., to attend meetings and if he were denied voting privileges, he did not choose to continue his effort.

Audrey Lavallee was present as the newly elected regular member but later it was revealed that the newly appointed members had not taken oath of office. This automatically made all action taken at the meeting null and void. Date for the next meeting was not set, but Mrs. Williamson expressed a desire to hold it at the school house where guests could be accommodated.

—

The Richard LeContes entertained several relatives and friends over the week end.

Fred and Mrs. Mae went to Bangor Sunday to visit Fred II and family. Mr. and Mrs. Douglass Bennett of Bryant Pond accompanied them.

Larry Wade and Miss Rosemary Goodrum have each had a telephone installed. Rosemary had her phone installed in the former Henry Fuller place where she is residing.

The Lavallee and Largese families were in town over the week end. A family party was held Saturday evening.

We have been enjoying some very warm weather and most of the snow has disappeared.

The robins have been back in flocks, which have flown north after a day or so rest and others are seen frequently in singles or small groups. The swallows are also back but are not in large numbers as yet.

Philip Korhonen was hired to clean the dump area and to do some spring work on the roads.

RESOLUTIONS OF RESPECT

Once again, our fraternal circle has been broken and our Worthy Brother, Addard Pelletier has been called to his everlasting home. May we dedicate the following lines to his memory.

There is a roll to ponder,
And our names are listed there.
Where the good Lord picks at random
For he wants to be real fair.
We may be rich. We may be poor.
We may be young. We may be old.
We may be short. We may be tall,
But when he'll call, We're never told.
Many Friends go on before us,
To that Great Grange in the sky
We don't understand their parting,
They were called, we wonder why.
But some day, up there yonder,
One and all shall meet again.
We will have a Grand Reunion.
Friendship and Love will ever reign

It is the sincere desire of Bear River Grange that a copy of these lines be sent to the Bereaved Family and a copy sent to The Bethel Citizen and to The Rumford Falls Times for printing.

unbelievable?
The Best Way To Save Energy Is By Calling Your Oil Dealer.
Unbelievable or not, the fact is, we can do a great deal to save energy, and in the process save you money.
FACT: oil heat directly fired saves 3 times the oil it takes to generate the same heat by electricity or any other indirect energy source.
FACT: most oil burners could use a quick inexpensive tune up that could save you 20% or more each year. Like all appliances, your oil furnace needs a little maintenance to run more efficiently. It will run cleaner too.
FACT: Our company wants to do all we can to save you money. Give us a call, we will be glad to show you how to use less of a good thing.

TELSTAR NEWS

COUNSELING NEWS —

It's that time of year again when students from grades 8 through 11 must sign up for next year's courses. This year the selection process will be slightly different. Beginning on April 29 the counselors will meet with the Junior class to discuss the 1974-75 Program of Studies Handbook and course selection process. Students will then have the opportunity to review course offerings, while the counselors are nearby to clarify course descriptions and answer any questions which may arise. The remainder of the week Juniors will be expected to come to the Counseling Center and complete a Course Selection/Schedule Sheet. The above procedure will hold true for grades 8-10 the succeeding weeks.

This process is expected to eliminate a great many conflicts and confusion during the first weeks of school while still allowing the student to pursue the course of study he chooses and he will also know what his schedule will be for next year.

The following seniors have been accepted at colleges for the upcoming year: Roberta Anderson, New Hampshire Vocational Technical College, Nursing; Glenda Falkenham, Becker Junior College, Mental Health; Penny Savage, New Hampshire Vocational Technical College, Nursing.
